

# You Can Now Eat Your Favorite Food Without Any Fear

**Kramer Says: "Eatonic" Rids Weak Stomachs of Acids, Gas, Heartburn, Food Repeating and Stomach Miseries**

What miserable feelings are caused by an upset stomach! That dull, heavy, "bloated" sensation that follows a full meal, robs good living of half its pleasures. Is there any way out for you sufferers with stomach weakness?

Yes; H. L. Kramer, the man who originated Cascarets, has found a sure, quick, relief for indigestion, dyspepsia, "sour stomach," heart-burn, formation of painful gases, "bloating," etc., etc.

He calls his stomach relief **EATONIC**, and it certainly is making a wonderful record. Countless thousands of people who formerly approached their meals with dread, now eat their fill of their favorite foods without fear of the after-effects.

Mr. Kramer says: "My **EATONIC** tablets are the solution of the age-old problem of indigestion and all forms of stomach misery.

"**EATONIC** neutralizes the acids, that form the painful gases, "sweetens" the stomach, and gives the gastric juice a chance to do its work as it should.

"To promote appetite and aid digestion, take **EATONIC** tablets—one or two after each meal. They are perfectly harmless. Eat them just like candy.

"For distress after eating; sour, "gassy," acid stomach, vertigo, nausea and belching, and that wretched, puffed-up, "lumpy" feeling, after over-eating; there is nothing to compare with **EATONIC** Tablets."

All druggists sell **EATONIC**—50c for a large box. Watch out for imitations. The genuine bears the name **EATONIC** on each tablet—guaranteed to do all that is claimed; or if your druggists don't carry **EATONIC**—send to Eatonic Remedy Co., Chicago, Ill.

# GERMANS BOAST OF OWN CRUELTY

**Tell Neutral Nations How Church and House Are Destroyed.**

## IS MEANT AS A WARNING

**Circular Recites Amount of Booty Seized in France and Belgium, and Mistreatment of English Prisoners of War.**

Washington. — Teutonic frightfulness as practiced in France and Belgium has been made the subject of a German warning to neutral nations of the fate which they may expect if they take up arms against the central powers.

"If there are any still thinking of siding with the allies let them take warning from the fate of others," says the warning. It is in the form of a circular, which recites the amount of booty seized in France and Belgium, the number of churches damaged and destroyed, the money wrung from the stricken inhabitants and finally the deliberate mistreatment of English prisoners of war.

German propagandists have flooded Spain with this document printed in Spanish, and copies have come into the possession of the state department. Having established its German origin the department made public this translation:

"Besides an untold amount of war material captured on the battlefield the Germans have taken possession of incalculable booty in France and Belgium, including:

High grade watches.....	417
Average watches.....	5,016
Underwear.....	18,073
Embroideries and women's handkerchiefs.....	15,132
Umbrellas and parasols.....	3,705
Silver spoons.....	1,876
Bottles of champagne.....	523,000

"These figures show a large increase over those of the campaign against France in 1870-71.

## "Punish Catholic Churches."

"In Belgium, besides many art treasures, they have confiscated old paintings valued at 3,000,000 pesetas. "Due to the treachery of Cardinal Mercier and other priests, who did their utmost to stir the priests against the good-hearted German soldiers, they were forced to teach a severe lesson to the Belgian and French Catholics.

Cathedrals destroyed.....	4
Churches destroyed.....	27
Rendered unserviceable.....	34
Total.....	65

"In Poland also a large number of churches have been destroyed for military reasons. The figures concerning these have not yet been published.

"As a result of the stupid stubbornness of the Belgian people in continuing the struggle after their bloody and final defeat on the battlefield, the German officers were forced, against their will, to impose punishments on many rich individuals and wealthy cities. This has contributed the following amounts to the German treasury:

Punishments.....	Pesetas.
Security.....	\$7,000,000
Reprisals.....	15,750,000
Forced contributions.....	4,320,350
Total.....	127,071,350

"This amount includes a fine of 15,000 pesetas imposed on the Alsatian children who insist on speaking the French language and refuse to study the beautiful German language. These statistics are a most useful warning to the neutral countries.

"If there are any still thinking of siding with the allies let them take warning from the fate of others."

## Boast Also of Cruelty.

It is claimed also in this document that more than 50,000 British have been made prisoners, and in this connection the following statement is made:

"Although to these figures the English oppose 124,806 German prisoners taken by them on the western front, it must be remembered the English treat their prisoners with notable kindness.

(blandura notoria), while the regime imposed on the English prisoners by the Germans is one of extreme rigor, so that the Germans, with a small number of prisoners, have secured a much superior moral effect.

"Besides, to the 2,204 officers and 51,325 soldiers, must be added the several thousand English prisoners that have died in consequence of disease, scanty food and other accidents in German concentration camps."

The figures regarding British prisoners, it is explained, refer to the total prior to the recent drive in Picardy and Flanders.

**Old Landmark Falls.**

Memphis, Tenn.—One of the best known landmarks on the Mississippi river is gone. A tall sycamore tree that stood on the Arkansas shore near Memphis, and which for more than 50 years served as a mark for river pilots, has been undermined by the action of the water and fallen into the river. Mark Twain was one of the famed pilots who held the jackstaff of his boat on the tree.

Steuenville, O.—"I sold my short pants at Newport News," writes Gilbert E. Boycan, a negro boy aged fifteen, from somewhere in France to his parents here. Playing truant from school to see some selective soldiers depart, the boy decided to join the army and enlisted at Wheeling, W. Va.

# SHARE DANGERS WITH SOLDIERS

**Y. M. C. A. Workers Are Almost Constantly Under Fire in France.**

**Moment's Delay Saves Red Triangle Man From Death by Shell—Experiences That Are Test for Real Man.**

Washington.—Bursting shells are everyday, everyday experiences in the lives of all soldiers and Y. M. C. A. workers anywhere within 25 miles of the Boche guns. Dr. George Louis Meylan, who has just returned from France where he was engaged in recreation work for the Y. M. C. A., threw some strong light on the conditions under which all persons back of the trenches live—and die. He had been asked to tell some specific instances of "Y" workers under fire in first-line trenches.

"Those over here who have not been in the war zone must forget their old-time ideas of warfare and its dangers," said Doctor Meylan. "Forget this old idea of open fighting, with troops battling across a plain the size of a large athletic field. Modern artillery shoots for miles and is always shooting. Every person within 20 miles of the trenches is under fire practically all of the time, yet the reports do not call this a battle. The reports announce 'The artillery was active,' and that means shells anywhere five to twenty-five miles back of the trenches.

"Early in April the Germans made night raids and their airplanes were active in bombing. Two of my organizers were visiting camps eight or ten miles back of the front-line trenches. The Germans kept up the bombardment for three days during which time those 'Y' men were dodging shells constantly.

"On the second day they were in a Foyer de Soldat—one of the soldiers' recreation huts provided by the French with 'Y' men in charge—when, within five minutes two shells struck, one a few yards away, the other hitting the hut. The 'Y' men were thrown down by the concussion. It seemed a miracle they were not hit, for soldiers were killed and wounded all around them.

# THIS WEEK, NERVOUS MOTHER

**Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.**

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness." —Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.
